2022 CSAMSE Practice Award

CSAMSE is proud of the establishment of an award that recognizes and celebrates an outstanding contribution in applying the principles of Management Science and Engineering to address a real-world challenge. The CSAMSE Practice Award will be bestowed on an individual or a group of collaborators. An eligible application must provide evidence of practical impact, which is broadly defined to be any contribution to a business or an organization in terms of performance improvements or changes in how practitioners approach a real-world problem. The 2022 CSAMSE Practice Award will be granted at the CSAMSE's 14th annual international conference at the School of Management Harbin Institute of Technology, **July 21- July 22, 2022.**

Application

The application should provide a cover letter and a 10-page narrative, in English or in Chinese, that addresses:

1. What is the main management challenge considered?

— What societal, economic, technical, and managerial challenges have been overcome in completing the project?

2. What are the core ideas and innovations of management science and engineering (MSE) in the work?

— Are there technical innovations in the project? Innovations may be derived from the creation of new MSE methods and/or the application of existing MSE methods to new problems or new environments.

3. How does the work impact a real-world business or organization?

— What are the major quantified and non-quantified impacts of the work? How important was the work to the client and/or executives?

—Is this work portable to other applications or industries?

A complete application must also include three letters of recommendation, also in English or in Chinese, with at least one from a practitioner. Contact information for the letter writers should be provided so that the award committee can follow up with further inquiries. Each application will be assessed based on the management science component, the practical impact so far, and the potential for a larger impact in the future.

Please send applications to csamseawards@163.com by **June 20, 2022.**
